Scott Stander
Producers – “The Boomer Boys Musical”

Dear Scott,

I am writing in my capacity as Artistic Director of the Ritz Playhouse to send you information concerning the recent production of “The Boomer Boys” here at the Ritz Playhouse.

We are a 375-seat community theatre located in northeast Pennsylvania, 39 miles NE of Scranton. We operate primarily during the summer months.

As part of our 45th season celebration Billy Van Zandt and his talented and energetic cast brought “The Boomer Boys” to the Ritz Stage. Originally, we scheduled two performances but added a third, a matinee performance, because of the overwhelming popularity of the show. Both evening shows were sold out.

The production was one of the highlights of our season. “The Boomer Boys” is topical and hilarious. Breakneck witty repartee along with original songs and sophisticated choreography make “The Boomer Boys” flow beautifully.

“The Boomer Boys” was a breeze to load in; open the doors, turn on the lights and plug in the sound board. Literally, load in is that stress free, regardless of the size of the venue.

Anyone looking for a hit show, with music, wit, and an unexpected amount of charm, “The Boomer Boys” is the perfect choice.

Sincerely,

William Gabrielson
